Morroson's Foss Islands Way York :- As collected...

Clearly as we don't eat a vast amount of meat (We can't really afford to) This is going to be several days worth. Maybe a week?

So broken down and it is destined to the freezer. so it looked like this:-

5 meal portions for £2 each - I guess! Let's have a bit of fun. What have we done with this in the past?!

Well what could / can we do with it?

- (1) [Cassarole](#) Beef joints for 2/3 **(Just swap out the Turkey for your Beef Joint.)**
- (2) [Pasta Bolognese](#) is idea for the minced Beef.
- (3) [Pasties](#) are an option for the cubed Beef.
- (4) [Chinese Fried Crispy Pork](#)? **(Sounds good to me!)**
- (5) Then go a bit odd with [Pork & Chorizo stir fry](#) with the other chops!

All the other ingredients are really very cheap. But if we can get 5 days out of a meat pack at £10 to feed us and Buster, you're not doomed!
